MAY LEVY FIFTY BILLIONS ON HUNS FIX DATE FOR SIGNING THE TREATY

Germany to Pay \$5,000,000,000 Before May 1, 1921, and Give Bonds for \$20,000,000,000

MIXED COMMISSION TO ADD REMAINDER

Germany Must Obligate Self to Pay Whatever Sum the Mixed Commission Decides Upon, It Is Announced

MAY ALLOW HUNS PERIOD OF 50 YEARS

One Report Says Council Decides on 30 Mile Neutral Zone on Right Bank of Rhine

PARIS, APRIL 14.—(Associated Press)—Germany under the peace treaty must pay \$5,000,000,000 in cash or the equivalent in commodities before May 1, 1921.

She must also issue to the allies and associated governments twenty billion dollars of interest-bearing bonds. The interest on the bonds until 1926 will be either two or three percent and after that date will be five percent. The bonds will be payable in installments during a period of 15 years. They probably will be kept in control of a central commission of the allied governments so they shall not be marketed in quantities sufficient to break the price.

Germany also must obligate herself to pay other amounts for damage done, appropriate to her means, to be determined by a mixed commission of representatives of the allied and associated governments and of Germany, which shall report before May 1, 1921.

SAY HUNS MUST PAY FIFTY BILLIONS

PARIS, APRIL 14.—(Associated Press)—Alarmed by result of the bye-election at Hull last week, Premier Lloyd George of Great Britain, according to Paris newspapers, has persuaded the council of four to revamp completely the financial plan to be incorporated in the treaty of peace.

Instead of a payment of 25,000,000,000 francs on account and annual payments to be fixed by a commission, it has been decided to fix at once the amount which Germany must pay within 50 years.

This amount is kept secret but it is indicated by the newspapers that a figure of 250,000,000,000 francs has been agreed upon which includes all war damages as well as the cost of pensions.

Fixing the total sum will have the merit of facilitating treasury operations. The first installment of 25,000,000,000 francs must be paid within 18 months.

The council of four has confirmed the fixing of a new 30 mile neutral military zone on the right bank of the Rhine river according to high French authority.

German Delegates will be Summoned Within Next Few Days

LIMIT TIME FOR SIGNING

Virtually All Vital Parts of Treaty Agreed To

Monroe Doctrine Amendment Only One Adopted is Claim

(By Associated Press)

Paris, April 14.—The status of the American, Japanese and French amendments to the covenant of the league of nations has been definitely established so far as the league of nations is concerned, the American amendment concerning the Monroe doctrine being the only one specifically included.

The French and Japanese, however, have both made reservations which entitle them to renew at a plenary session of the peace conference the questions involved in these amendments so that the final decision is still open.

As to the affairs of the peace conference as a whole, they are shaping themselves now with the league of nations question and nearly all the main points in the peace treaty are virtually disposed of so that the date when the enemy delegates shall be summoned to Versailles has been tentatively set.

The summoning of the peace congress, as it will be called instead of peace "conference," after the enemy delegates will be summoned to present understanding occur between April 26th and May 5th, and it is considered not improbable that a definite statement of date may be announced by Lloyd George when he speaks before the British House of Commons next Wednesday.

Indications are the Germans will be given opportunity to discuss peace terms before the congress but that no extended discussion will be permitted, two weeks being suggested as the outside limit for the session to be held at Versailles.

These sessions, it is expected, will be attended by President Wilson who is said to feel that the progress made toward completing the peace treaty is such that he will be able to remain for the Versailles meeting.

DEEP INTEREST IN ENFORCEMENT OF PROHIBITION

Statement of Roper That No Provision Made for Enforcement Draws Many Inquiries

(By Associated Press)
Washington, April 14.—Hundreds of inquiries, protests and expressions of approval reached Internal Revenue Commissioner Roper today as result of his announcement that the Internal Revenue Bureau had neither specific authority nor sufficient agents to enforce prohibition adequately after July 1st. From all parts of the country came telegrams asking for details. Commissioner Roper declined to add to his statement.

The Treasury Department has not and will not, it was stated today, make any representations to President Wilson concerning possible means of postponing the effectiveness of prohibition until the constitutional amendment becomes effective January 16th, 1920.

Officials indicated belief that the question of rescinding the war time prohibition act would become an issue in Congress at the coming special session.

WASHINGTON C. H. OHIO

Yesterday, Mr. Groves the pastor preached the first sermon in the series on the "Last Week." He outlined the incidents of Christ's triumphal entry and took for his subject "What Constitutes a Victorious Life." In commenting upon the success of the Saviors life three ideas were emphasized. First he kept himself unspotted from the world, second he had a correct appreciation of values and third he started immortal influences for good.

In the evening the pews and chairs were almost all filled. A stereotyped lecture was given showing the work done in the thirteen homes of the Church of Christ for the aged, sick and orphans.

Beautiful solos were sung morning and evening by Mrs. Herbert Campbell, and Mrs. Amy Wiley.

This evening G. B. Dunning, pastor of the Church of Christ at Sabina will assist in leading the music. The congregation are anticipating a week of spiritual and helpful services.

AUTO IS STOLEN FOUND IN CANAL BADLY DAMAGED

While in Chillicothe Saturday night to visit Mr. A. F. Kye, manager of the Chillicothe Branch of Dahl-Campbell, Mr. W. M. Campbell's new Hudson cab was stolen from in front of Mr. Kye's apartments on Walnut street, and Sunday morning was found overturned in the canal in the out skirts of Chillicothe, having gone over a 35 foot embankment, and was badly damaged.

The marks indicated that the machine had been driven too close to the roadside and struck a guy-wire which hurled it over the embankment and into the canal far below.

The police were put on the trail of the thieves soon after the machine was missed, and it was ascertained that three or four persons had been seen in the car. Whether any of these were injured is not known but indications are that whoever was in the machine when it overturned and plunged into the canal were more or less injured, and the police are looking to this fact to help them locate the guilty parties.

Monday morning it was stated that the police were hot on the trail of the thieves and that arrests might be expected at any time.

The machine is virtually ruined. Mr. Campbell's loss is fully protected by insurance, it is understood.

FIRST LOCAL SOLDIER SENT FROM CITY FOR VOCATIONAL TRAINING

Willard Smith, who, since returning from military service has resided at the home of William Cheeseman, on Third street, left Sunday afternoon for Cincinnati to take vocational training. He is the first Fayette county boy to profit by the arrangement between the American Red Cross and the Federal Board for Vocational Education, but others are expected soon to follow as there are now a dozen names on the list at the Red Cross Home Service Department and these men expect to be assigned to the course and school desired in the near future.

Young Smith enlisted in New York with the Marines in 1916. He saw quite a little active service although was not in big battles. Contracting tuberculosis of the hip joint, he was for three months in the hospital at New Orleans, La., from which he was discharged 50 per cent disabled, and awaited the call to vocational training. He will take the Commercial Course in Cincinnati, applying for this training while in the service through the local Red Cross Home Service Department.

Miss Mary Robinson, in charge of this department of Red Cross work in Fayette county, is lining up disabled men for vocational training as rapidly as possible and many of them will be put back in the civilian army better fitted for earning a living than they were before the war.

Attention! Order No. 1.

All former members of Co. M and Co. E are ordered to report for drill at Memorial Hall on Wednesday night at 7:30.

This order is for the purpose of organizing for a trip to Columbus when the 166th Inf. comes home. We have been honored by being invited for a parade in their honor, the men in the parade being only those who have at some time taken the oath. Towards our home company M we have probably a warmer appreciation than other home people in that we once belonged to it. We who came before would have responded as they did had the war happened in our enlistment. Every former member is urged to show his pride in them—his loyalty to his old regiment and his appreciation of the way in which the present men have maintained the traditions we once upheld.

SWEEP EASY

—with the—

Hugro India Broom!

It is made of the finest of the famous long wearing Palmyra Bassine Fibre. It has all the good qualities of bristle and the best broom corn and none of the faults. Besides this wonderful fibre resists decay when wet, in fact an occasional soaking in a pail of water puts new life into the Hugro broom.

HUGROS

Are hand made by skilled mechanics and look as attractive as they are useful. With a Hugro you do more with one stroke. It is like a fairy's wand and in your hand so wonderfully does it get over the floor and into the smallest corner and out-of-the-way nook. It is so light and easy to handle.

Reliability, Durability, Economy

Hugro brooms are easy on you, easy on your floor and carpets and easy on your pocketbook. In fact, easy on everything but dirt. They fit the floor just right and take hold on the dust, but don't scatter it.

Use a Hugro just as you would the old style corn broom. It will outwear several, even with hard use.

Don't be afraid to use a Hugro on the rugs and carpets. You will be surprised how it controls the dust.

We Must Decide

One by one the big problems which have been confronting the peace conference, are being solved and the gloomy prophecies of some of the correspondents are vanishing before the bright prospects for an early conclusion of the war.

The action of American soldiers in Russia a few days ago in asking more definite explanation as to their status, brings forcefully to our attention, however, that the developments of the war have left other big problems which the peace conference cannot settle and among them the Russian problem.

It seems remarkable that in some quarters, and among statesmen and diplomats too, there is an insistence that the Lenine regime in Russia be recognized, as Mr. Hoover expresses it as a de facto government.

It is inconceivable that the governments of Great Britain, France, Italy and the United States can recognize the Bolshevik government, even to the extent suggested by Mr. Hoover. To do so would present a much worse tangle than exists at present. If food cannot be sent into Russia to relieve the starving, if relief cannot be sent to the sick and suffering without a recognition of Lenine and his regime then, it seems, the Russian people themselves, in permitting such a condition as Bolshevik control to exist, are wholly responsible. The remedy is with them and not with the nations which stand ready to assist but are powerless owing to conditions.

To recognize Lenine and his murderous anarchist associates now in control in Russia means that ambassadors of Bolshevism would be sent to the capital of every nation which recognizes the regime, whose primary purpose would be to sow the seeds of anarchy and discontent and all of that coincident with the efforts of those very governments to keep out Bolshevik agents and dangerous agitators and to enact the necessary drastic legislation to prevent the spread of the doctrine of destruction.

While the Kaiser, by plunging the world into war murdered millions, this Russian monster would murder civilization in its entirety.

The world can't deal with Lenine without inflicting the death wound to civilization.

With the coming of spring, however, the time has arrived for the allies to adopt and announce a definite policy respecting Russia. The people who must furnish the men and money to support that policy are entitled to a definite announcement of plan and reasons.

We can't, in justice, proceed longer in the dark. We must decide and act along a definite and agreed line.

Syndicated Writers

Among the many disturbing influences these days are the contributions of the space writers and "syndicated war correspondents." Especially disturbing are the contributions of some of those writers who are covering the Paris peace conference.

It is the primary business of those writers to keep the reading public interested in their contributions. The more interest they can create in their reports the larger is the demand for the publications which carry them and consequently the larger the pay for services.

The unfortunate thing about it all is that many of those gifted men, those versatile writers, lose sight entirely of the great responsibility resting upon them to give the reading public the facts and their own best judgment. They seem, very evidently, to have forgotten that they owe any duty to the reading public, to their countrymen or to humanity and are seeking to produce only the most sensational, the best selling articles and to obtain as much compensation as possible, that compensation being measured, unfortunately, by the demand created rather than by the truth and wisdom of the articles.

During the last week we have had directly conflicting reports and conflicting opinions coming from the pen of the same writer regarding events in Paris. The articles are only in accord with each other in that they are uniformly sensational and startling.

It is to be regretted that those writers have fallen into so grievous an error. It is very disturbing to the readers. Fortunately, though, they are being taken less seriously each day as it is impossible not to see the conflict in statements of facts and opinions.

Those men could be of great aid to the people were they not guilty of abusing a great privilege—freedom of the press.

POETRY FOR TODAY

LOOKING BEYOND

Through scorching summer heat and wintry frost
The faithful horse his weary round pursues,
And uncomplaining, mild, whatever the cost,
Each morn afresh his daily toil renews.

Along the miry road, up breathless hills,
Or plodding slowly o'er the sodden fields,
Meek, patient, dumb, his duty he fulfills
Beneath the lash a ruthless driver wields.

Shall service such as his have no reward,
Such loyalty end with the last-drawn breath?
Nay, rather let us trust our pitying Lord
To grant this faithful comrade, after death.

Some mead of bliss beyond these weary days,
Somewhere to find from toil a blest release,
Where in Elysian pastures he may graze—
His humble share, unsought, of heaven's own peace.
—Willis Boyd Allen in American Agriculturist.

FOURTEEN HURT IN CAR WRECK

Cincinnati, April 14.—(By Associated Press)—Fourteen persons were injured, two seriously, while a score more were bruised and severely shaken up late Sunday, when a south-bound Cincinnati and Dayton traction car, carrying approximately 60 passengers, jumped the track on a sharp curve in Hamilton Pike, near Mount Healthy, O., and upset on the side of an embankment.

The majority of the passengers were residents of Hamilton, Mount Healthy and New Burlington.

BAPTISTS MAKING GOOD HEADWAY

Columbus, O., April 14.—Initial reports received in the Baptist campaign for \$300,000, the solicitation of which reached its climax Sunday, are most encouraging. State Director Brelsford states that if the present ratio is continued that the desired sum has not only been secured, but largely exceeded.

A small church at Geneva, with a quota of \$525, turned in \$1431, with more to come. A church at Prospect, with a quota of \$266, turned in \$350, and already has financed its 1919-1920 missionary budget.

Get to Work as Soon as You Can

EVERYBODY must work. Humans are no different in this respect than the busy bee, and the quicker we realize this fundamental, the sooner will come that actual peace for which the world has been fighting.

The drone in the bee hive is not tolerated, but is thrown out and shunned when he begins to live on the results of the labor of others.

A place to work and something to do must be provided for those worthy. There are big things to do in America. Everybody should get his bearings and settle down to peace time pursuits. The war is over.

Before the war, America exported approximately 7 million tons of foodstuffs, products of the farm. We must now produce and export a surplus estimated at 22 million tons.

No person, who knows anything about farming, should seek employment in the cities. The latter are overcrowded with people to whom a dime looks as big as a silver dollar and opportunity and necessity for spending money is greater than the wages received by the average worker.

The farmer is independent of the "hall bedroom" of the close, ill-smelling apartment, having the great outdoors to work and live in. At the end of the season, the returns for his labor have been saved, whereas the city man more often has nothing to show. The farmer is privileged to enjoy everything the city man has and then some.

Many applicants to the

U. S. Employment Service and Co-operating Bureaus for Returning Soldiers and Sailors

have come from men who have experienced city life and after years of toil and sacrifice have found themselves with as little of the world's goods as when born.

There are great big opportunities on the American farm which need only development. There are hordes of wealthy farmers independent and able to retire at the age of fifty; they are the envy of every city man.

Farm employment is the surest all year round job anyone can have and the best pay in the long run. U. S. Employment Service can put you in touch with these FARM OPPORTUNITIES. No fee is charged either applicant or prospective employer for the service.

DAVID M. GLASCOCK IS LAID TO REST

All that was mortal of David M. Glascock was laid to rest Saturday afternoon in the family lot in the Washington cemetery, where the budding trees and spring flowers softly blooming brightened the sorrow of the earthly parting in their resurrection promise. Simple and brief had been the services conducted by Rev. Arthur P. Cherrington of Grace M. E. Church, at the home of the mother, Mrs. Georgiana Glascock, before leaving for the cemetery. The minister read comforting passages or Scripture, from the twenty-third, the thirty-sixth, nineteenth and ninety-first psalm and from the fourteenth chapter of the gospel of St. John and read the beautiful hymns, "Jesus Lover of My Soul," "O Love That Wilt Not Let Me Go" and Tennyson's "Crossing the Bar."

There was no word of memoir, but friends who filled the home, especially those friends of his youth in this city, thought tenderly of the man and the soldier who rested tranquilly amid a wealth of flowers. They remembered the keen, brilliant mind, the quick humor, his early ambition, and the possibilities within his grasp. They remembered the bright, entertaining companion, who had a special gift in recapture and the happy knack of "always seeing the funny side" and lastly they remembered his eagerness to enlist in his country's service, and when, for him, instead of the captain's commission to be awarded within a few days, there came the detail "down the long, long trail," there was no flinching—with undaunted bravery and cheerful spirit he took up his last march till the taps sounded.

Only in his closing prayer did the minister make personal reference, and then merely to the sacrifice of health for his country and the peace and quiet of the last hours.

The flowers of remembrance were in profusion and very beautiful. Among them a number from Cleveland—from members of the University Club of which Mr. Glascock had been a member—from associate lawyers and business friends and a superb basket of lilies and roses from the Nisi Prius Club, a club of Cleveland lawyers, as well as a number of designs from relatives and friends in Chillicothe, Cincinnati, and this city.

The pallbearers were Mr. Arch McChesney, of Sedalia, Hon. C. A. Reid, Messrs. Roy Hagler, Herbert Brownell, Ray Maynard and John Cannon of Jeffersonville. Among relatives who came to attend the services were Mrs. Ella Hopewell, Miss Will Moore, Mr. and Mrs. James Anderson, Mrs. Lou Anderson, Mr. and Mrs. Manning Coaltrap of Chillicothe, Mrs. Jennie Chaney, Mrs. Norton Stutson, of Cincinnati, Mrs. Tudie Barker, Mr. John Cannon of Jeffersonville, Mr. Arch McChesney of Sedalia.

FORMER RESIDENT TO BE BURIED HERE

Captain T. F. Parrett received the sad word on Monday morning of the death of his sister, Mrs. Mary C. Boyd, which occurred at the home of her daughter, Mrs. C. M. Stiner, in Cardington, O., Sunday night.

The body will be brought to this city for burial, arriving on the 3:30 B. & O. train Wednesday afternoon. Services will be held at the Memorial Chapel in the Washington cemetery at 4:00 p. m. Wednesday and burial made by the side of her late husband, Thompson Boyd.

Two children survive, the daughter with whom she resided and a son, Elmer, of Marion, O.

Mrs. Boyd belonged to one of the old families of the county and for many years made her home at Parrett's Station.

FARM BUREAU TO AID IN CHOOSING LAND APPRAISERS

At a session of the Executive Committee of Fayette County Farm Bureau, held Saturday afternoon, the following resolution was adopted in compliance with a suggestion by County Auditor Pine:

"Be it resolved that the Fayette County Farm Bureau recommends that the taxpayers in each assessing district nominate a committee of 5 or 6, one of whom may be appointed by the County Auditor to appraise the real property of his district and the other members of the committee act as an advisory board.

"And it is further recommended that the tax payers of each township assemble at their respective voting places Thursday evening, April 17th, 1919, for this purpose."

Other business of a routine nature was transacted by the executive committee during its session Saturday afternoon.

EXCITING RUNAWAY NO ONE INJURED

Saturday afternoon Martin Holdren, of near South Salem, formerly of this county and a brother of Dr. G. W. Holdren, figured in an exciting runaway in Greenfield when his team took fright at a B. & O. train and dashed up through Greenfield at a mad gallop while traffic, warned by the clatter and shouts, scattered in all directions.

Right up through several squares lined with autos and other vehicles the maddened team plunged with Mr. Holdren clinging to the lines but failing to check the animals. Two turns were made in safety and after running several squares and kicking themselves almost free of the wagon to which they were attached, the horses were brought to a stop by colliding with an automobile and being seized before they could regain much headway.

No one was injured and very little damage resulted.

WILL SOON START WORK ON HIGHWAY

Announcement comes from Wilmington that the Sabina and Wilmington pike, from the county line into Wilmington is to be rebuilt this summer and that work probably will start within the next few weeks.

Federal aid is to be obtained for the work, and this may reach as high as \$40,000, although the figures have not been definitely announced.

At the present part of the road is in a very bad condition, and it is expected that by fall much of the road will have been rebuilt and be a very attractive section of pike.

WELL 99 FEET DEEP HAS 100 FEET WATER

A well was recently drilled on the Hopkins farm a few miles east of this city, on the New Holland pike, and at a depth of 99 feet a heavy flow of water was struck and the water is now standing in the piping one foot above the surface of the earth.

An artesian well that flows constantly is located in the Stewart school house yard a short distance from the new well.

WILMINGTON MEN MAP OUT BIG WORK

At a recent session of the Wilmington Commercial Club arrangements were made for a fall festival; for paving one mile of streets without a bond issue; for holding a chautauqua; for putting the town over in the Victory Loan and war savings stamp campaigns, and for highway construction.

The organization has a record of successful accomplishment in other matters to back it up in its present plans.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

\$4,500,000,000 AMOUNT OF THE "VICTORY LOAN"

Interest to be 4 3-4 Percent is Announcement by Secretary Glass

Amount is Much Smaller Than Anticipated

Ohio's Share is About \$4,500

(By Associated Press)

Washington, April 14.—Terms of victory liberty loan have been announced by Secretary Glass. They are:

Amount \$4,500,000,000 oversubscriptions to be rejected.

Interest 4 3-4 per cent for partially tax-exempt notes, convertible into 3 3-4 per cent notes, wholly tax-exempt.

Maturity, four years, with the treasury reserving the privilege of redeeming the notes in three years.

The 3 3-4 per cent notes, to be issued later also may be converted subsequently back into 4 3-4 per cent notes.

The 4 3-4 per cent securities are to be exempt from state and local taxation, excepting estate and inheritance taxes and from normal rates of federal income taxes.

The 3 3-4 per cent securities are exempt from federal, state and local taxes, except estate and inheritance taxes.

The quota for the fourth district, Ohio, in the victory loan will be 25 per cent less than in the previous loan, approximately \$450,000,000, as against \$600,000,000.

The size of the loan was much smaller than had been anticipated by most financial observers, who looked for an issue of about \$6,000,000,000, particularly in view of Secretary Glass' past statements that the loan would be five or six billions.

This will be the last liberty loan, Secretary Glass explained, although there will be other issues of government securities to finance belated war expenses.

These will not be floated by popular campaigns.

None of the past issues of liberty bonds are convertible into victory loan notes, and there are no specific provisions in the terms of the victory issue serving directly to maintain market prices of past issues.

In many communities the selling campaign already has begun actively, without formal acceptance of subscriptions, said reports today to the treasury, although the official opening date is April 21, one week from today. The drive will continue three weeks, until May 10.

"In fixing the terms of the issue" said Secretary Glass' announcement of the victory loan, "the treasury has been guided largely by the desire to devise a security which will not only prove attractive to the people of the country in the first instance, but the terms of which should insure a good market for the notes after the campaign is over and identical prices for the two series, and should not affect injuriously the market for the existing bonds of the liberty loan."

"This will be the last liberty loan. Although as the remaining war bills are presented further borrowing must be done, I anticipate that the requirements of the government in excess of the amount of taxes and other income can, in view of the decreasing scale of expenditure, be readily financed by the issue of treasury certificates from time to time, as heretofore, which may be ultimately refunded by the issue of notes or bonds, without the aid of another great popular campaign such as has characterized the liberty loan."

SHARP REDUCTIONS IN YOUR SHOE BILLS

"A constant 'hiker' over all conditions of roads, my shoes were hard on my feet until I discovered Neolin Soles. And as for wear! Neolin Soles give twice the service of soles I formerly used," writes H. Noyes Collinson, Hazelton, Pa.

This long service means sharp reductions in those big shoe bills, for it is because of worn out soles that most shoes are discarded. Buy Neolin-soled shoes, not only for yourself, but for the whole family, children included. Also, take your old shoes to the repairman and have them re-bottomed with Neolin Soles.

Remember—Neolin Soles are waterproof, as well as comfortable and long-wearing. They are created by Science to be all that soles should be, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

TRAPS RACCOON COSTS HIM \$50

Theodore Denney, of this city, recently was fined \$50 and the costs for trapping fur bearing animals out of season, the particular offense being the trapping of a raccoon.

Deputy Game Warden Frank Hard discovered the man's traps and following the line of them discovered the raccoon in one of the traps.

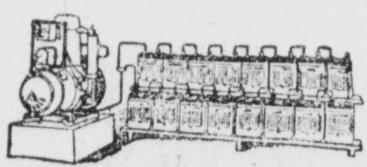

Hiding in a pile of drift Deputy Hard remained in wait for the owner of the traps, and after a few hours of waiting was rewarded by seeing the owner of the traps approach and take charge of the raccoon.

Trial was held before Justice Craig.
